## Germans Deliver Heavy Attacks With Telling Effect on the British

Neither the British nor the French were able to retain in its entirety the ground won by them from the Germans on the Somme front during Saturday's fighting.

Heavy counter attacks were delivered by German troops last night on the new British positions in the neighborhood of Butte de Warlencourt, south of the Albert-Bapaume road and London today announced that the British were compelled to give up portions of them.

Similarly the French lines were attacked and Paris states that while the Germans were held off on the line between Sailly-Saillies and St. Pierre-Vaast wood, they were able to recapture some positions in the wood and in the village of Sailly, just to the north.

After a long interval the resumption of active operations in Dobruja is reported from Bucharest, which announces a Rumanian victory. Rumanian troops are described to have taken the offensive north of Hirsovo and driven Field Marshal von Mackensen's troops from several villages which were set on fire as they were evacuated.

### Germans Resume Offensive.

Petrograd, Nov. 6.—Via London, 3:21 p. m.—German forces yesterday several times resumed the offensive on the Russian western front in the region east of the village of Lipitza, Dolnaya and west of the village of Silaventin, with the object of capturing the commanding heights occupied by the Russians. All the German attacks, according to an official statement issued today by the Russian war department, were frustrated by a violent Russian artillery and rifle fire. The battle is still going on.

### Germans Capture Heights.

Berlin, Nov. 6.—By wireless to Sayville.—In Rumania, south-west of Foculeni, the invading Austro-German forces yesterday captured Loanu height, it is announced officially. Further progress was made southeast of Rothernburg pass. Rumanian attacks in the region of the Sztrduk pass were repulsed.

### Balkan Situation Unchanged.

Sofia, Nov. 6.—Via London, 9:40 a. m.—Unchanged conditions on all fronts are reported in the official statement issued by the war office today.

The text of the statement follows: "Macedonian front: The situation is unchanged. At the foot of the Belaschitz mountains the enemy fruitlessly bombarded several villages. In the Struma valley there was weak artillery fire. The situation was quiet on the Aegean coast."

"Rumanian front: In the Dobruja, engagements took place between advanced detachments. Enemy ships which were bombarding Constantza were forced to withdraw by attacks from our seaplanes."

### Violent Attack on French.

Paris, Nov. 6, 12 noon.—A violent attack was made last night by German

troops on the positions captured by the French between Sailly-Saillies and the St. Pierre-Vaast wood. The war office announced today that this assault was repulsed with heavy loss to the Germans.

Some ground was gained by the Germans in the wood and in the village of Sailly.

On the Verdun front there has been active cannonading in the Damoupy region, but no infantry engagements occurred.

British Lose Ground.

London, Nov. 6, 1:45 p. m.—A strong German counter attack last night compelled the British to relinquish a portion of the territory they had captured in the neighborhood of Butte de Warlencourt, on the Somme front, the war office announced today.

Great Fight on the Somme.

Berlin, Nov. 6, by wireless to Sayville.—The western front statement from Berlin is as follows: "In the continuous battle on the Somme, the fifth of November was another fighting day of the first class. The British and French with the strongest forces made a powerful advance against the front of General von Below's army. Troops under Generals Baron Marschal von Deimling and von Garnier withstood the attack unshaken. The allied enemy cut the entire front from Le Sars to Bouchavesne, a distance of 20 kilometers along which they attacked, suffered the heaviest losses and accomplished nothing except a small local gain in the north part of St. Pierre-Vaast wood. The enemy left ten officers, 310 men and booty in our hands. North and east of Le Sars more than 70 prisoners and 11 machine guns were brought in."

"Near Solsois an attack by a weak French detachment was repulsed. "On the right bank of the Meuse (Verdun front) in the Hardsaumont sector there was violent artillery and hand grenade fighting."

## TRYING ORDEAL FOR SHIP'S CREW

### American Tells of Experience on British Steamship Midland, Bound for Havre.

New York, Nov. 6.—"I have been a marine engineer since 1891, but never have I gone through an ordeal like the one that a German submarine put upon us a few weeks ago," declared Frederick Smith of Hartford, Conn., who arrived here last night from Liverpool on the American line steamship St. Louis.

Smith stated that he was induced to join as third engineer on the British freight steamship Midland by promise of good pay and assurances that the vessel was bound for China and would not enter the European war zone. When off St. Lucia he

learned that the ship was bound for Vladivostok.

"After leaving the Siberian port we went to Australia, where we loaded grain for Havre," said Mr. Smith in telling his story.

Halted by Seven Shots.

"At 6:30 p. m. on October 20 we were halted by seven shots. None hit us, but we found they had come from a submarine which had come to the surface a few hundred yards away. "We had a crew of 33, eight of us white men and the others Lascars. I was the only American on board. We were ordered to the lifeboats, eighteen men going in one and 15 in another. We were ordered to approach the submarine and the German commander forced us to come aboard. He put some of his crew into our boats, and they went out to the Midland and sank her. After four explosions we saw her dark hull roll over and go down."

"The Germans used only one English expression when they returned to the submarine after sinking the Midland. That was 'Get out.' We drifted throughout the night until at daybreak a French trawler picked us up and kept us aboard for two days. Later it took us into St. Malo."

## BOTH PARTIES CLAIM ILLINOIS

### LARGE VOTE FORECAST

Republicans Claim State of Pennsylvania by Majority of 200,000 Votes.

Chicago, Nov. 6.—Although the presidential, state, congressional and local campaigns in Illinois were practically closed Saturday, leaders and candidates of the various parties spent today in perfecting organization in the wards and precincts. A few of the candidates made speeches during the day, but the chief activity was left to the party workers who attended to details that had been overlooked heretofore.

The chairman of both Democratic and Republican parties claim the state will cast its vote for their respective candidate for president by practically the same majority—15,000. The Republican chairman also claims that Frank A. Lowden will be chosen governor by 150,000, while the Democratic chairman puts forth the claim that Governor Edward F. Dunne will be re-elected by 75,000 plurality.

Women of Illinois will vote for president for the first time tomorrow.

### Washington a Close State.

Seattle, Wash., Nov. 6.—At Republican and Democratic state headquarters claims of victory are made, but the fact that the campaign is being waged as vigorously today as at any time indicates that both sides consider Washington a close state. Hughes said he would run ahead in all parts of the state, while the adherents of President Wilson claimed their candidates would carry Portland by a majority large enough to offset any advantage his opponent might gain outside the city. The Democrats held their final rally tonight. Interest outside the presidential race centered on the congressional fights in which the Republicans claimed victory.

### Large Vote to Be Cast.

Atlanta, Ga., Nov. 6.—Notwithstanding that the Republicans have made spirited fights in several southern states, Democratic leaders seemed today chiefly concerned with the problem of getting out the vote in an ef-

Roosevelt and Taft. The contest for the senatorship has been very active and both Hitchcock and Kennedy are confident of success.

Fighting Chance for Wilson. Fargo, N. D., Nov. 6.—With both party leaders making the last efforts to assure winning votes for their candidates, the Republicans today claim this state by 20,000 for Hughes, but the peculiar political angles which have entered in the campaign, according to the Democratic leaders, will give their candidate a fighting chance. The Democrats claim John Burke, treasurer of the United States, will be elected United States senator over Porter J. McCumber, Republican, will be elected by a majority of at least 7000 votes and that there is some on the outcome of the presidential vote.

"Morris for governor and Sutherland for senator will carry every county in the state and their majority will exceed 10,000," today declared Glenn Martin, state chairman of the Republican party. He said Hughes would carry the state by at least 5,000.

That Wilson will carry the state by 12,000 to 15,000, while King and Bamberger will be elected by more than 10,000, is the opinion of Democratic State Chairman Thomas.

The Weber county chairman held similar opposite opinions, as quoted Saturday.

## LAST RALLY OF THE CAMPAIGN FOR THIS EVENING

William H. King, candidate for the U. S. senate and Milton H. Wellings, nominee for the house of representatives, will speak on campaign issues, especially labor legislation, at a Democratic rally in the Orpheum theatre, tonight at 8 o'clock.

The Orpheum orchestra and Eagles' quartet will provide music. Despite the inclement weather, there will be an automobile parade, red fire and outdoor enthusiasm. The parade will form at Democratic headquarters, on Twenty-fourth street, and break ranks at the Orpheum. Seats will be reserved for all in the trainmen's parade.

Weather permitting, there will be an open-air meeting at City Hall square for the overflow crowd. The speakers will be O. C. Nelson and C. L. Olsen of Salt Lake, noted as "whirlwind orators."

Both selected this city for the scene of their campaign activity. Governor Whitman had on his program four noon day speeches and five tonight.

Sam Seabury, following an afternoon attack in Rockland county, will return to New York for an automobile street corner tour of the West Side. Still predicting heavy pluralities for their respective tickets, the state chairmen were busy today making final arrangements for watching the polls to see that the election laws are observed.

The final forecast of Republican State Chairman Tanner is that Governor Whitman with his running mates will carry the state by more than 100,000.
